

# Decisions to Disciples

The ultimate desire of making the Invitation to Faith is not just to see our friends make significant *decisions for Christ* but to see them become *disciples of Christ*; people who are growing in greater intimacy in Christ, character like Christ, and mission with Christ. Following up with each person who responded during the invitation is the first step to becoming a disciple of Jesus.

## INVITATION TO FAITH | FOLLOW UP

Use the following chart to follow up with everyone who responded during the Invitation to Faith. Each decision below corresponds with each response on the Response Card (in order). Use the questions to guide your conversation, and invite them to take next steps.
